

RANPAK MAKES PACKAGING AS SIMPLE AS "ABC"

# FillPak®

*EXTREMELY FAST AND EFFICIENT VOIDFILL*

- *Fast* - converting speed is 55 inches per second
- *Versatile* - integrates easily into a voidfill or pick and pack operation
- *Economical* - more cost effective than other voidfill materials
- *Efficient* - seven packs of paper can be stacked, taped together and converted for maximum uptime and throughput

*FillPak converts fanfold paper into a fast, efficient and effective voidfill material that will protect your products during shipment.*

# FillPak<sup>®</sup> Specifications

## FANFOLD PAPER

### PAPER

Width 30"  
Basis Weight 30 pounds

### BOX

Length 1,660 feet  
Dimensions 30"W x 8.5"H x 8.5" Depth  
Weight 41.5 pounds

### PALLET

Boxes per Pallet 30  
Weight 1,310 pounds

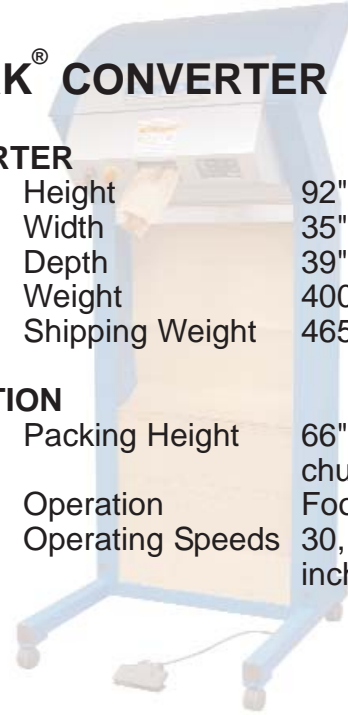

## FILLPAK<sup>®</sup> CONVERTER

### CONVERTER

Height 92"  
Width 35"  
Depth 39"  
Weight 400 pounds  
Shipping Weight 465 pounds

### OPERATION

Packing Height 66" (floor to chute height)  
Operation Footswitch  
Operating Speeds 30, 45 and 55 inches per second
