

ASC500PN-ARM PNEUMATIC SIDE BOTTOMER

Applications: Box Closing, Packaging

Similar to: F560PN

This ASC pneumatic side bottomer is used to staple large quantities of boxes (lids and sides). It also has many other uses including: corrugated board, cardboard, textiles, leather, plastic, sheet metal, and various stapling uses. It is designed to handle single-wall to triple-wall corrugated. This versatile machine incorporates a simple rugged welded frame designed for long service life. Pneumatically driven clinching provides effortless operation for higher volume applications. This unit will clinch "A Crown" 1 3/8" crown by 5/8", 3/4", and 7/8" leg length carton staples with no adjustment required.
