

## 550C PNEUMATIC COIL STAPLER

**Applications:**            **Box Closing, Displays, Packaging**

**Similar to:**                **ISM RC1000 5/8 and RC1000 3/4**

The tool of choice when high speed and efficiency are required, this durable ASC carton top sealer has separate adjustments for depth of drive and tightness of clinch. These adjustments afford the ability to perform both blind and through clinching. Light-weight construction and good balance reduces operator fatigue. A quick release prevents jams. Coil of 1,000 wide crown staples, cuts down on reloading time.
