The all NEW! Predator® XS is designed with extra features that surpass all preconceived notions of performance and value. These groundbreaking standard features include Select Stretch which allows you to quickly select from either 200% or 250% pre-stretch gear ratios, Allen-Bradley MicroLogix 1200 PLC, fast film feed and automatic film cutting at the end of the wrap cycle.

All the performance, features, and value built in.

- **Select Stretch** quick change system with 250% and 200% fixed-gear pre-stretch
- **Automatic Film Cut** - save operator time by automatically cutting the film at the end of the wrap cycle
- **AFD** Advanced Film Delivery automatically adjusts to the load size and applies even film force to the load
- **Fast Film Feed** for easy and quick film threading
- **Allen-Bradley MicroLogix 1200 PLC**
- **AC motors and variable frequency drives** for improved performance and reliability
- **65” Diameter, 12 RPM, 4,000 lbs. capacity turntable**
- **V Belt Drive** for quiet, dependable operation
- **Heavy Duty All-Steel Construction**
- **115 Volt, 15 Amp Electrical**
- **80” Wrap Height Capacity**
- **Fork lift portable front and rear**
- **Standard “Off-the-Shelf” components are easy to service because parts are available locally and more economical than proprietary parts**
- **Two built in wrap modes for extra flexibility to wrap your products**
- **Three modes: Up Only, Up/Down and Reset for maximum productivity**
