I20 SERIES

SEMI-AUTOMATIC SHRINK PACKAGING SYSTEM

Clamco's L-sealer/tunnel combination system includes such standard features as unitized package tray and film cradle with pinwheel perforator, the largest shrink tunnel in its class, and 11-gauge steel construction throughout.

The resulting high throughput and superior strength are further enhanced by this system's efficient 120-volt operation. In addition, its comparatively lower price makes the I20 Series the best value in its category.

COMPLETE QUALITY AND VALUE

The I20 Series semi-automatic shrink packaging system includes many standard features and unique advantages not found on competitive systems. Its low cost and 120-volt efficiency make it ideal for today's quick print and similar-sized operations.

Applications:

Designed to seal and shrink most polyolefin and PVC films

Standard Features:

- Unitized sealer/tunnel combination with console stand
- Microprocessor-controlled heat cycle with automatic temperature compensation
- 2100 watt tunnel heating power; 360-degree air circulation
- Heavy-duty seal head with stainless steel film clamps
- Unitized, adjustable package tray and film cradle with pinwheel perforator and variable brake
- Magnetic hold-down featuring adjustable, single large magnet
- Film burn-off control
- Variable-speed Teflon® coated mesh belt tunnel conveyor
- Made in U.S.A.

Optional Features:

- Powered take-away conveyor (variable distance, adjustable height)
- Locking casters
- Scrap take-up wheel
- 220/208V single face power
- Auto cool down timer for tunnel
- Cycle counter

Specifications:

- Seal area 16"W x 20"L (41 cm x 51 cm)
- Tunnel chamber 16"W x 20"L x 8"H (41 cm x 51 cm x 20 cm)
- Overall dimensions 24"W x 91"L x 52"H (61 cm x 229 cm x 119 cm)
- 11-gauge steel construction throughout
- 120V, 20 Amp operation (export voltages available)

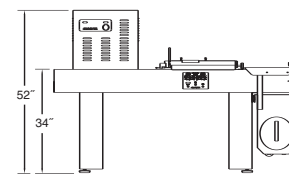

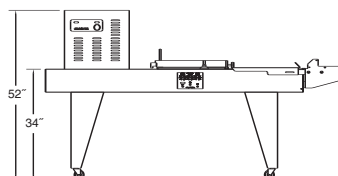

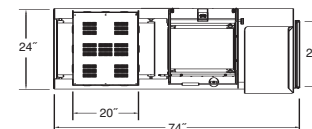

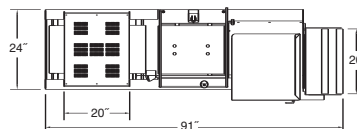

Model I20
Shrink Packaging System

NEW MODEL I20.72
Takes less floor space-ideal for retail stores!

The convenient new I20.72 has all the features and specs of the I20, but with a shorter **72" overall length**. Great choice for in-store shrink packaging operations, from movie rental to office supply outlets and many more.
