Solutions in
Label Dispensing Systems

Model 450M Shown

The TAKE-A-LABEL Model TAL-250M & TAL-450M represents the next step in "Manual" advanced label dispensers. Just turn the handle and a label is dispensed. The units are ideally suited for applications where power may not be available, or increased labeling speed is needed. The TAL-250M and TAL-450M offer the features and size of most electric dispensers but at a fraction of the price.
